Hey, on the homepage we're going to consolidate two links and their content into one. "Latest Updates" was early on and hasn't been touched since the 10<sup>th</sup>. "Press Releases" has been used since to add new information.

I've asked Jeff to combine these and make them a single page called "News and Updates"

Cool?

southern Ute tribe and Navajo Nation. EPA is taking the lead on efforts to contain the leak and flow from the mine is now controlled. EPA has also deployed federal On-Scene Coordinators and other technicians in Colorado, New Mexico and Navajo Nation to assist with preparations and first response activities in these jurisdictions. EPA is sharing information as quickly as possible with the community as experts work to analyze any effects the spill may have on drinking water and public health.
